## Capital Improvements

### Program Description

#### Purpose

Capital Improvements are expenditures for acquisition or construction of a new asset or, for existing assets; the expenditure significantly increases the value, extends the life, or makes it adaptable for a different use. Capital improvements also include non-routine maintenance or repair of an asset. The completed project cost must be less than \$1 million.

#### How Achieved

The Department of Corrections is responsible for maintaining 14 institutions and over 4.6 million square feet of building space within its correctional facilities. Base Capital Improvement funding will allow the agency to perform only the most critical and immediate asset protection activities on our \$970 million investment in real property.

During the 2009-11 Legislative Session, Ballot Measure 57 increased Capital Improvement funding by \$3.5 million to fund a remodel of the Coffee Creek Correctional Institution. With the suspension of Ballot Measure 57, the remodel was not necessary and now those funds are being phased out for the 2011-13 biennium.

A \$2,905,000 General Fund Policy Package is being requested for various short-term deferred maintenance projects to be completed by the end of the 2011-13 biennium.

### 021 Phase-In

#### Package Description

##### Purpose

This package includes the additional costs associated with 24 month operation of programs or services phased-in during the prior biennium. Additionally, this package restores one-time agency reductions taken by the 2009-11 Legislature. The elimination of costs for programs that were terminated or phased-out during the prior biennium is reported in Package 022, as are budgets for extraordinary one-time expenditures in the prior biennium.

##### How Achieved

This package includes the restoration of one-time unspecified reductions (including inflation) from the 2009-11 Legislatively Adopted Budget (LAB) Package 812.

### 022 Phase-out Pgm & One-time Costs

#### Package Description

##### Purpose

This package includes the elimination of costs for programs that were terminated or phased-out during the prior biennium. Extraordinary one-time expenditures are also adjusted in this package. Specific actions taken by this Division are described below.

##### How Achieved

Prior biennium one-time funding of \$3,462,540 General Fund for remodeling of Coffee Creek Correctional Facility is eliminated in this package. This funding was approved in package 257 during 2009-11. However, due to the suspension of Measure 57, this remodeling was not necessary. Additional one-time Other Funds approved in the February 2010 Special Session being eliminated in this package include \$250,000 for Deer Ridge Correctional Institution sewer repairs and \$450,000 American Recovery and Reinvestment Act (ARRA) funds for a solar water project at Eastern Oregon Correctional Institution.

### 031 Standard Inflation

#### Package Description

##### Purpose

This package includes funding for inflation and adjustments to reflect the Price List of Goods and Services issued by the Department of Administrative Services. The prescribed standard inflation factors were used for all accounts in this Division.

##### How Achieved

For 2011-13 the inflation factor is 2.4% for standard inflation. Inflation requested in this package is for the 2011-13 Base Budget. Inflation associated with biennialized phased-in programs, when applicable, is included in package #021. Inflation associated with new institution start-up and operation is included in the essential package for caseload increases, package #040.

## Capital Improvements

### 086 Eliminate Inflation

#### Package Description

##### Purpose

This package added by the Governor, eliminates standard inflation from essential packages in the 2011-13 Current Service Level budget.

##### How Achieved

Standard inflation rates and adjustments were removed from non-PICS personal services budget items such as overtime and differentials. In addition, standard inflation was removed from specific services and supplies and capital outlay line items, including biennialized phase-in programs, caseload changes, and elements of the Price List of Goods and Services issued by the Department of Administrative Services.

## Capital Improvements

### 150 Deferred Maintenance Short-Term Projects

#### Package Description

##### Purpose

Capital Improvements are expenditures for acquisition or construction of a new asset, or, for existing assets, the expenditure significantly increases the value, extends the life, or makes it adaptable for a different use. Capital improvements also include non-routine maintenance or repair of an asset. The completed project cost must be less than \$1 million. The Department of Corrections (DOC) is responsible for maintaining 15 institutions and over 4.6 million square feet of building space within its correctional facilities. Current Service Level Capital Improvement funding of \$2,692,531 will allow DOC to perform only the most critical and immediate asset protection activities on \$970 million in real property.

##### How Achieved

DOC is requesting \$2,905,000 General Fund for the 2011-2013 biennium. This funding will be utilized to address short duration deferred maintenance projects (\$2,155,000), diagnostic equipment replacement (\$285,000), communications systems maintenance and license upgrades (\$215,000), and electrical and electronic security maintenance at our minimum custody facilities (\$250,000). With DOC's minimum custody facilities not staffed with licensed technical trades, staff to perform needed maintenance, repair, and life cycle replacement of electrical and security electronic security components is not readily available.

Some of these projects are currently addressed as unfunded issues resulting in impacts to other areas and usually involve complete system or component failure. No new positions are being requested to address the projects identified. DOC will use the currently authorized vacant Construction Project Manager 2 C3268 (position number 0900441) to provide oversight for the projects.

The projects to be addressed with this funding in the 2011-2013 biennium are listed for reference.
