THE HEARINGS OFFICER: Good morning, my name is Dan Elliott, and I will be serving as the Department's Hearing Officer. The purpose of this hearing is to take public comment on the rules proposed for 2009-2010 Oregon Weatherization Program State Plan. No responses to questions will be made at this time.

The agency will review issues raised during the public comment period, and the hearing officer's report will contain responses. In addition to the opportunity to present oral comments at this hearing, anyone may submit written comments until January 16, 5:00 o'clock pm, which is the close of the public comment period. Comments received after that time will not be received or considered by the agency unless the agency decides to extend the public comment period for everyone.

Each person wishing to comment orally at this hearing should complete one of the registration cards on the information table in back and bring it up to me. I will use those cards to call each person when it is his or her turn to testify. When I call your name, please come forward, state your name and where you are from. If you represent an organization, please state the name of that organization. You may then present your comments. If you have written material to enter into the record, please say so and try to summarize it. Give me a copy of the material if you have not already submitted it to the agency.
