

## Regional Advisors to the Department (RAD)

The OHCS **Regional Advisors to the Department (RADs)** provide outreach to Oregon communities in identifying and addressing critical community development activities. RADs provide assistance to communities in capacity building, financing of affordable housing developments, and advocate and provide information to local communities, governments, and decision-makers in gaining acceptance to the siting of affordable and special needs housing. Utilizing a mix of available funding sources, OHCS subsidizes all forms of housing development, from new construction and rehabilitation to first-time home buyer assistance. As a result of this assistance, more communities are beginning to recognize the link between housing, economic development, infrastructure and community facilities.

**Contact a RAD for your region to discuss how OHCS can help you find the financing you need.**
